

Practice the Art of Nursing

Wings of Hope Hospice

Full time Registered Nurse needed to work primarily from home during evening hours, some weekends and holidays. This caring, compassionate RN provides symptom management, teaching and guidance to hospice patients and their families.

Wings of Hope Hospice provides care to patients wherever they live, in private homes, assisted living facilities, and nursing homes.

Contingent Registered Nurses needed to provide patient care services on an “as needed” basis.

Mission Statement: “We provide compassionate care at the end of life and support through the grief experience for individual and families in Allegan County and surrounding communities”
